

Travel Insurance Instructions – SquareMouth.com

1. Go to <https://www.squaremouth.com/>
2. Step 1 - Enter your departure and return dates. We used Italy as our primary country.
3. Step 2 – Enter your State of Residence, traveler count and ages.
4. Step 3 - Under **Cancellation Coverage** we suggest answering No. We used a date in June 2023 for first payment and the trip is paid in full.

Selecting 'Yes' for cancellation coverage means that the insurance will cover the cost of the trip if you cannot go due to illness, injury or other 'approved reasons. This drives up the insurance cost significantly.

In the end, make choices appropriate for you circumstances.

5. Filter based on Emergency Medical and Medical Evacuation.

Emergency Medical covers unexpected medical issues (e.g., Car Accident).

Medical Evacuation covers payment to get you back to the US. (Medical Evacuation Flight)

6. We've used both of the following companies in the past. They are each rated quite well.
